OPENING CUTSCENE

EXT. BOAT - AMAZON RIVER - DAY

Four Dinghy's speed through a channel off the main river. TODD, 36, sits in the front Dinghy with LIZ, 32, PHIL, 23, and JILL, 26.

TODD

Can't believe we might see it.
After years of searching, we found
a lead.

Animals scurry around the forest.

LIZ

Keep your head on straight. This is
still a dangerous place. Even if
you take out all the animals, bugs,
and vegetation, you can get lost.

TODD

Sure, it's dangerous, but this is a
great opportunity to learn about
the past.

As the boats fly down, black smoke rushes across the stream.

TODD (CONT'D)

Haven't you heard of the ancient
city where the mythical creatures
hailed from?

LIZ

Do you know what mythical means?

TODD

If you were going to be cynical,
why'd you come along?

LIZ

Iâ€™m the only one who would take
this expedition. You're lucky.

The boats pull up to a sandy area, and everyone begins to unload. Todd is the first to hop off the boat and proudly stares into the deep forest.

TODD

Well, then, let's get to it!
